Is a Piano Durable?

Has it a permanent tone? A REALLY GOOD piano is a REALLY GOOD investment.

We sell GOOD pianos, player-pianos and organs—we don't handle anything we are afraid to tell you what's inside. We know the instrument we sell you will give entire satisfaction.

Come in and let us show you the good features of our instruments. We won't mince matters here. We will show why a \$200 piano is just so good—a \$600 piano better.

Then we know that we have a figure on each that will be a genuine surprise to you after you have seen and heard the instrument. Will you call and see them? That's all we ask—the goods will convince you far better and quicker than any argument we could offer.

Payments that ARE easy payments. No interest.

Just received a large shipment of the latest Player-Piano rolls, also the latest Columbia Records. Call and look them over.

WOODMEN.

There will be a regular meeting of Queen City Camp No. 23, Woodmen of the World next Thursday night. Business of importance will be transacted and all members are urged to be on hand.

Miss Onolia Williamson, who was an assistant in the Physical Culture Department of the college last session, and who resigned to take up war work in Washington, arrived in Columbus Friday from the Capital city. She is being cordially greeted by her many friends.

MISS COOK HONORED.

Miss Cora Cook, graduate of the I. L. & C., has been given a permanent choir position as soloist, in the Church of the Advent, a Lutheran church, on Broadway, at 93d St., New York.

The singing and services are in English instead of German, as is customary in Lutheran churches.

Her predecessor was an experienced vocalist, and had studied under Mme. Schirbach for six years.

It is a great distinction and compliment to Miss Cook to have been selected to succeed so notable a singer.

CLOTHING WANTED.

The most comprehensive collection of used clothing, shoes and bedding ever undertaken will be conducted by the American Red Cross during the week of March 24-31 when the American people will be asked to donate ten thousand tons of cast-off apparel to the helpless refugees in allied countries. The need of clothing in many lands is one of the most serious reconstruction problems, but it is expected that a long step toward solving it will be taken when the thousands of Red Cross Chapters begin their collection of discarded garments.

Every kind of garment for all ages and both sexes, except such as obviously could not help refugees, is to be accepted. Since the clothes will be subjected to the hardest kind of wear only garments of strong and durable material should be given.

They need not, however, be in perfect condition for there are thousands of destitute women in the recovered territory eager to earn a small livelihood by repairing the clothing that will be sent to the needy. In addition to the second-hand garments there will be accepted piece goods, light, warm cotton flannel and other fabrics from which to make clothes for new-born babies, sheeting and blankets and even scrap leather which is needed for repairing shoes. Woolen goods of any kind, soft hats and caps for all ages and sweaters of any kind or size will be welcomed, while men's shirts and pajamas that are no longer serviceable as such can be turned into children's garments.

The chapters collecting the clothing will forward it to a central collecting point whence it will be shipped to Europe in vessels of the European Relief Administration. It will be distributed under the direct supervision of American Red Cross agents.

DRAFT RECORDS SAFE.

The general impression immediately after the fire prevailed that the entire records of the Lowndes County Draft Board had been destroyed in the disastrous fire last Tuesday, but investigation revealed that the records are intact.

Debris has been removed from the rear sections of the third floor of the building and all of the records of the board were found to be safe. They had been stored away in steel filing cases and with the exception of slight damage by water they are intact.

They have been stored away at the city hall pending instructions to ship them to either Washington or Jackson.

MR. W. E. JOHNSON APPOINTED.

Mr. W. E. Johnson, a young attorney of this city, was appointed acting district attorney in Kemper county the past week by Judge Thomas B. Carroll, to officiate in the case against Capt. Guy Jack.

District Attorney Guy J. Rencher, excused himself on account of being a nephew of Capt. Jack, and the appointment of Mr. Johnson followed.

Two indictments were found against Capt. Jack by the Kemper county grand jury and the indictments were drawn by Mr. Johnson. The case will come up for trial at the next term of the Kemper court.

Local telephone service will be resumed in the city today.

Work of tearing down the dangerous walls of the bank building was speeded up yesterday and with the aid of electric lights the work continued through the night and will be pushed today until it is completed.

LOCATES AT TUSCALOOSA.

A recent issue of the Laurel Daily Leader states that on May 1st, Mrs. Barrard Harris, and children, will leave that city (where they have been guests of Rev. J. Lundy Sykes) for their new home in Tuscaloosa, Ala. The article states that Mr. Garrard Harris, a well known newspaper man, and author, has purchased the Tuscaloosa News, effective May 1, and that he will resign his position in Washington to become editor of that excellent daily on May 1st. Aberdeen friends extend best wishes for success in the new venture.—Exchange.

WILL BE FOUR STORIES.

The directors of the Columbus National Bank have decided to make the bank building four stories; the contract for the architectural work has been awarded to Mr. P. J. Krouse and a large force has been placed at work cleaning out the structure and preparing for the rebuilding. It is planned to get the new roof on at the earliest possible moment that possession may be obtained. The work of interior finish will then be done on the upper floors.
